RELEVANT WORK EXPERIENCE

● APP DEVELOPER

BEINING & BOGEN | January 2023 - present

As a full-time consultant app developer, I maintain and update existing apps for clients, as well as work on new features and refactoring. I specialize in iOS development using Swift and SwiftUI for clients like Fagforbundet and Instabank. I also have experience with Flutter and Android development.

RELEVANT EDUCATION

● INFORMATION TECHNOLOGY

HØYSKOLEN KRISTIANIA | August 2020 - June 2023

Bachelor in frontend and mobile development.

Technical Skills:

- Learned OOP, web development and mobile app development using mostly JavaScript, Java, React, Node.js, native iOS/Android technologies and crossplatform using Capacitor/Cordova.
- Software design using C#.
- Applied Test-Driven Development with Jest for Node.js and React projects.
- Version control using Git, with a focus on GitHub Actions.
- Information security.
- Prototyping and layout using Figma.

Project Management:

- Utilized Agile methodologies such as Scrum and Google Design Sprint.
- Managed projects using Jira, Kanban, and Miro

Bachelor Project:

- Worked with the frontend development of a synchronization system for educational institutions using React with TypeScript and Tailwind.

2024 | Basar Buyukkahraman
Node js with test driven development

LEADERSHIP COURSE

Eirik Petersen via Voice Norge AS

- Operative leadership and coaching.
- Attitudes, conflicts and motivations .
- Effective teams and teambuilding

WORK EXPERIENCE

SALES ASSISTANT

HØYER EGER | July 2021 - January 2023

Part time sales assistant at the luxury department.

STORE MANAGER

VIC BOGSTADVEIEN | January 2019 - February 2020

Responsibility to set a new strategy at VIC Bogstadveien in order to increase sales and make the store more profitable. During my time here I recruited a new team and re-organized routines, staff, visual merchandising and implemented a sales strategy. Managed 6 people in the team.

STORE MANAGER

VIC SKI STORSENTER | March 2016 - February 2020

Responsibility for launching and developing VIC 2.0. A new concept with the purpose to attract a younger clientele. We became the first store to go live with the project and managed to quickly attract and create a safe customer group which led to a best practice template for upcoming stores.

STORE MANAGER

ALDO KARL JOHANS GATE | June 2013 - February 2016

Responsibility for the operational management, budget, recruiting, mentoring, follow-up and increase profit. Managed ten people in the team.
